LETTER FROM THE PRESIDENT

Welcome to The 2021 Paul Bunyan Show, one of the largest and oldest forest industry shows in the United States.

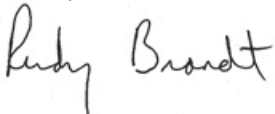

The Paul Bunyan Show is a celebration of Ohio's forest products industry and the diverse group of hardworking people that have made it such an important part of our state. The industry is environmentally sustainable, directly employs over 54,000 people and contributes over \$16 billion to Ohio's economy annually. The total annual economic impact of the industry in Ohio, including indirect inputs, is around 125,000 jobs and over \$27 billion.

We hope that you will visit with the exhibitors as they demonstrate their products and equipment, attend our educational sessions ... and be sure to watch the exciting competitions we have lined up for you. Enjoy the day as you experience an industry that is vital to our economy, our environment and our quality of life.

And, last but not least, be sure to attend the Wood Auction on Sunday at 2:00 PM where all of the wood processed throughout the weekend will be up for sale to the highest bidder.

On behalf of all of our sponsors, exhibitors, and the staff and members of the Ohio Forestry Association, we welcome you to The 2021 Paul Bunyan Show!

Sincerely,

Rudy Brandt, President
